Flourish Chocolate Robin's Eggs:

These hand-painted dark chocolate eggshells, the result of a creative partnership between Calistoga chef Holly Peterson and Napa Valley chocolatier Woodhouse Chocolate, are stunning. The delicate shells are filled with a turmeric white chocolate ganache, which resembles bright yellow egg yolks, and are flavored with ingredients considered to guard against cancer — including pomegranate, watermelon, kumquat and toasted walnut.

The artisan chocolates aren't cheap, but a portion of the profits from the sale of the eggs is donated to fund research on cancer-fighting foods.

\$19/6-piece box; \$55/18-piece box; \$90/30-piece box.
